

Resolution
 Ordinance No. 80-1 Passed January 1 1981

A RESOLUTION OF THE BOARD OF PUBLIC AFFAIRS OF THE VILLAGE OF ANTWERP, OHIO ESTABLISHING REGULATIONS FOR THE USE OF WATER AND METHOD OF PAYMENT AND COLLECTION METHODS OF WATER RATES.

BE IT RESOLVED, by the Board of Public Affairs of the Village of Antwerp, Ohio as follows:

SECTION I

All water rates shall be computed on a quarterly basis except industrial users with which the Village has a contract, in which case, such billing shall be made pursuant to the terms of the contract. Water charges shall be based upon the amount of water consumed as shown by water meter readings made once each quarter, or such terms as the Village has with industrial consumers pursuant to contract. During the winter months in the case of excessive snow, water meter readings will be estimated.

The rate for water consumers is set out by Resolution of this Board of Public Affairs and dated October 9, 1978. Water rates pursuant to said Resolution are a minimum of \$10.00 for each tap, plus \$1.80 per thousand gallons for all water used. The \$10.00 minimum rate shall be charged for each meter and not for the number of trailers or apartments, as the case may be.

Water may be purchased at the water works located in the Village of Antwerp. The purchase price for any one purchasing water at said water works shall be \$2.00 per thousand gallons. Each individual or organization purchasing water at the water works shall sign their name and the number of gallons pumped to a clip board provided for that purpose, located at the water works. Each of said users shall be billed once each year on the first day of November. Water bills shall be payable on the 15th day of the month, in which they are billed to the user or responsible party.

SECTION II

All water users outside the corporation limits of the Village of Antwerp shall pay the same rate as users inside the corporation limits of the Village of Antwerp, plus an additional 110 percent.

SECTION III

LATE CHARGE AND PENALTY

If any charge for water is not paid when due, a late charge of ten percent of the amount of the bill shall be added and collected. Any water account not paid by the 15th day of the month bill by the user will be sent a letter showing the amount owed, plus the late charge. The user will then be given ten days to make payment. If payment is not made in said ten days, the account shall be turned over to the clerk for collection who may use all legal means available for prompt collection, including, but not limited to, termination of water service after due notice. Water bills shall be paid at the office of the clerk of the Board of Public Affairs or shall be mailed to P.O. Box 452, Antwerp, Ohio 45813.

SECTION IV

PROPERTY OWNERS RESPONSIBLE

The owner of property where water is supplied shall be responsible for prompt and timely payment of water supplied to the premises. Water bills will only be mailed to the property owner.

SECTION V

All plans for development of water usage of two or more buildings of a single building which houses more than one family or designed to house more than one family, must be approved by the Board of Public Affairs with regard to water service, metering and connection.
